

Keeping  
everyone  
safe

## Our COVID-19 Measures

### Helping You...

We at Lynwood House take our guests' personal safety extremely seriously and would like to reassure you that we are constantly cleaning all public areas, including the front door keypad, using anti-viral products.

In line with government guidelines, room service is not offered at this time. However, anti-viral cleaning products can be found in your room, should you require them.

If you would like fresh towels, please leave your old towels outside of your room, in the basket provided in the morning and will will replace them.

### Helping Us...

We would kindly ask all guests to:

- **Wear a mask** in all common areas - hallways, staircases, landings and at the front door.
- Try to avoid meeting other guests in the hallway and at the front door. Please check to see if the hall is clear before leaving your room and as you enter the house.
- Thoroughly **wash your hands** upon returning to the house, so as to minimise any possible infection risk to other guests
- Smokers - please do not stand in the frontdoor entrance to smoke, as exhaled breath blows back into the house.

### Contacting Us...

We endeavour to respect our guests' privacy, leaving them in peace and quiet, with the freedom to come and go as they please from our home. However, should you need us at all, please do not hesitate to contact us:

- Email [stay@lynwood.house](mailto:stay@lynwood.house)
- SMS +44 7811 422346
- Message us via Booking.com, Expedia, Hotel.com etc

Many thanks,

Christian and Roz

*We are here to keep you safe.*
